# Minerva Learning Centers

## The Vision

To be a leading Training and Education Solutions Company in PNG

## The Mission

To provide high-quality, high-value world-class Training and Education Solutions in PNG consistent with the International Standards

## Objectives

Minerva Learning Centers Ltd aims at being the Leader in Training and Education Industry in Papua New Guinea by providing the best training methodology and delivery of learning to our participants.

We help in closing the gap between what a student is achieving and what he/she has the potential to achieve.

MLC has the world's best training partners, ranging from leaders of technology like Microsoft, Oracle, Cisco and others through our business associates. This ensures the best training inputs which are in line with best practices world-wide are available to our customers. MLC offers a wider range of subjects and encourages high academic standards through a practical approach to teaching and learning using the principles of **Applied Learning. Assessment** is not limited to conventional written papers and they consist of a variety of tests e.g. oral and listening tests.

# Minerva Learning Centers

## Key Success Factors

Towards fulfilling our vision, the following elements of service delivery have been established to ensure the promise of global quality and competence is delivered effectively:

# Key Propositions

**Free repeat-training in case of valid customer dissatisfaction**

**Digitised content along with quizzes – helps participants to review training material at ease**

**Project based training can be custom built to provide on the job case studies during training**

Free repeat-training in case of valid customer dissatisfaction

# Our Partners

Vidyatech specializes in making the learning technologies work for you the way you want them to. Anytime, Anywhere, Any Device learning is critical not just for you and your team members but also for all stakeholders. The most important of these stakeholders is your customer. Educating customers can give your business unmatched competitive advantage and a tremendous boost to your topline as well as bottom line.

Modern technology is highly scalable and makes it possible to deliver anytime, anywhere content or learning on a device of your choice. Cloud Services, Online Learning, Online Testing, Learning Management Systems (LMS), and Content Management Systems (CMS), all should integrate to deliver a smooth and efficient, measurable and trackable, up-to-date and manageable learning to you and all your stakeholders.

Shriram Centennial Foundation (SRCEF): Shriram Group of companies is a premier Education Foundation based out of Delhi, India and the Shriram family has established dozens of schools, Pre schools and other eminent educational institutions all over India, supporting education excellence in over 55 schools covering 36,000 students. In terms of after school hours coaching, we have worked with over 35 prestigious schools across India and our results in all competitive exams has been exceptional. We have a strong R&D team that develops study material, test series, lesson plans, academic planner, training material and curriculum.

CertNexus – Our Certifications and emerging Technology Partner:

CertNexus is a vendor-neutral certification body, providing emerging technology certifications and micro-credentials for business, data, developer, IT, and security professionals. CertNexus' mission is to assist closing the emerging tech global skills gap while providing individuals with a path towards rewarding careers in Cybersecurity, Data Science, Internet of Things, and Artificial Intelligence (AI)/Machine Learning. Successful CertNexus certification candidates come from representative organizations such as Ahold Delhaize, Barclays, Canon, Cisco, Ingram, Intel, Kaspersky, Optum, Starbucks, U.S. Air Force, U.S. Army, Verizon, Xerox, Zappos, and universities spanning over fifty countries.

Logical Operations – Cutting edge curriculum and learning methodologies:

The quality and breadth of the content Logical Operations offer has established us as an industry leader. A multinational staff of brilliant content writers and course designers keeps us at the forefront of modern technologies. We have long-lasting strategic partnerships with some of the industry's most well-respected companies, including Cisco, CompTIA, and IBM. With 3,000+ training delivery partners worldwide, our vast training channel allows us to reach MILLIONS of students every year with our courseware.

With over 5,500 unique courses in high-demand categories from office productivity and technology specializations, to sales and marketing skills, the depth and breadth of our content is unmatched anywhere in the market.

Minerva Learning Centres (MLC) always keeps foremost our customers, who are investing themselves with us to enhance their skills.

By providing a learning environment to enhance the skill sets of its participants to global standards we contribute to the advancement and betterment of our society and Papua New Guinea.
